

I am seeking the opportunity to serve on the CVR MLS Board of Directors because I believe strongly in the vital role MLS plays in protecting data integrity, advancing technology, and ensuring REALTORS® have the tools they need to serve clients with professionalism and excellence. MLS is not just a database — it is the backbone of cooperation in our industry, supporting fairness, efficiency, and consumer trust.

In my more than 40 years in real estate, including more than 25 years in brokerage management, I have seen firsthand how MLS policy impacts firms large and small, as well as agents at every stage of their careers. My service on the CVR MLS Board, MLS Committee, and leadership roles at the local, state, and national levels have given me the perspective to evaluate issues thoughtfully, listen to different points of view, and make balanced, informed decisions. I fully understand the fiduciary responsibility that comes with serving on the Board and am committed to acting in the best interests of all participants and subscribers.

As General Manager of a top locally owned company, I see daily the value of responsive service, strong compliance, and forward-thinking innovation. If elected, my goal is to contribute to policies and strategies that promote fairness, embrace new opportunities, innovative technologies and ensure MLS continues to adapt to the changing needs of our members.

I would be honored to serve and to help strengthen MLS as a trusted, member-driven resource that supports professionalism and elevates our REALTOR® community.
